

This comment is to the FCC. We are writing to you regarding the decision you have coming up on the LPFM stations taking precedence over some of the FM translator services. We are currently listeners of K-LOVE and we enjoy this service very much. We believe that it is a very positive influence on our community and other communities. We hope that you will look at the impact that K-LOVE has on so many different people in the many walks of life. K-LOVE reaches out to the hurting and encourages so many people everyday. Please consider all these things and keep K-LOVE on the air.

Thank-You,
Ron & Sherri Prins
